Professional Experience

Frontend Developer | Sikos Marketing

Nov 2024 – Present | Contract, Hybrid

- Contributed to a mobile-first directory and e-commerce platform, enhancing the digital presence for Nairobi CBD businesses.
- Developed key user-facing features including authentication flows, vendor dashboards, and navigation components.
- Partnered with project managers to refine requirements and deliver user-centered features on schedule.
- Improved team efficiency by facilitating the adoption of AI-powered tools for documentation and workflow automation.

Frontend Developer | DataDrive Africa

Dec 2024 – Sep 2025 | Hybrid, Nairobi

- Developed and delivered responsive, high-performance web applications in close collaboration with UX designers.
- Engineered seamless integrations with backend APIs to ensure optimal data flow and platform reliability.
- Built interactive React.js dashboards and data visualizations, transforming complex datasets into actionable user insights.
- Actively participated in agile workflows, contributing to sprint planning and task tracking using Jira and Trello.

AI Facilitator | ALX Africa

Mar 2024 – Jun 2024 | Remote

Mentored for the ALX AI Career Essentials Programme, supporting learners across Africa.

- Provided guidance and support to 200+ students, helping them navigate the programme's curriculum and challenges.
- Proactively reached out to learners to ensure progress and support successful graduation.
- Assisted students in improving their scores and comprehension by troubleshooting platform issues and liaising with technical support teams.

Education & Certifications

- University of Nairobi | Bachelor of Science, Actuarial Science
- Data Analytics - Explore AI Academy (alx_africa)
- FrontEnd Development - Alx_africa via African Leadership International
